STUDY AWAY: EXCHANGE PROGRAMS

ArtCenter has reciprocal exchange programs with several of the world’s most respected art and design schools. These programs allow students to enroll in university classes at a partner institution abroad, alongside both students from the host country and other international students. Students pay their normal tuition and fees to ArtCenter and financial aid and institutional scholarships are applicable.

For more information on these and other programs, please visit the Exchange and Study Away website at artcenter.edu/studyaway

*Program qualifies for Designmatters minor
